URINAL AND COMMODE MATS

Safe, Long-Lasting, Improved Hygiene

Another Innovative
Product from:

SEE THE BENEFITS

of Urinal and Commode Mats

- **Protects Floors** - Mats protect all types of floor surfaces from the harmful effects of urine. Do away with those ugly yellow spots and stains. Mats extend the life of your bathroom flooring.
- **Pays, not Costs** - Mats will shave hundreds of dollars every year off the cost of restroom maintenance, all the while providing a safer, more sanitary way to deal with the problems of urine splash and drips around urinals and commodes.
- **Makes Maintenance Easy** - Mats makes maintaining restrooms easier and faster. There's no need for mopping multiple times a day to remove puddles and clean wet floors. When scheduled daily maintenance calls for wet mopping, Mats can be mopped over or removed for total floor cleaning.
- **Improves Appearance** - Mats are the only product available that can reduce your maintenance hours while improving the appearance of your restrooms. Floor surfaces beneath urinals and commodes have long been the sore spot in every restroom's overall appearance. Urine odor caused by unsightly splashes and drips also creates a generally poor impression of a restroom's cleanliness. Mats solve all these problems and more!
